## Residential Patio Design Illustrated

Welcome to the RF Landscape Residential Patio Design Illustrated. This guide is meant to provide design inspiration that will ultimately allow you to design your own patio, walkway, pool deck or driveway project. At any time you have questions you can {Drop Us a Note} or you can call us at (314) 487-6400 for assistance

### Step1: Shape and Form

#### **Free-Form**

Free-form, or Curvilinear patios add a more natural touch to your landscape. Almost any freeform shape can be obtained from a Paver Patio. Different shapes and styles of pavers can create a custom look and feel for your paver project

#### **Rectilinear**

The straight lines of rectilinear-shaped patios add elegance and class to a formal home and landscape. Rectilinear patios can be built using a variety of Paver designs

## Step2: Materials

### Shapes and Style

Pavers come in a variety of shapes and styles. Depending on the look you want to achieve you will have a variety of choices when it comes to the type of paver style you select.
